Dr. J.B.Martin

Chicago Ill.

Dear Doctor:

A line in haste to ask you if your team is scheduled from August 11th to 15th? You are playing us here in Newark the 15th, and I may be able to work out something for the week before, or at least a few of the days. Please answer me right away, and tell me where you are that Sunday the 9th.

In the meantime send me some mats and publicity as soon as possible.

There is some talk about a contest at the park that Sunday the 16th. If any future developments I will advise you before I close on it, in order to get your consent.

I hope you are having a good year. Please get an answer to me right away, about your dates.

Very Truly Yours
